

MASS

MASS is the first art school in Australia that is dedicated to the creative development of the mosaic artist & enthusiast.

There is a mix of workshops on offer:

- A one year program held on Saturday mornings over two semesters
- A two day weekend workshop for beginners
- Various one day weekend workshops for intermediary development
- Weeknight workshops held over 6 weeks
- Visiting International Mosaic Artists weekend workshops

These workshops are facilitated by the teachers of MASS or by a visiting international or national mosaic artist - now that's exciting. Who's coming? Check the website and subscribe to our newsletter.
